

### **Wrist Band Initiative**

On the right can be seen the latest initiative from the Air Cadet Organisation based on an original idea by Flt Lt Margaret Bell Wing CCO for Beds & Cambs and also OC 22 (Sandy) Sqn. The concept grew from her seeing RAF wristbands and thought that our Cadets were missing out,

The original idea grew to asking HQAC what was the possibility of having some of them as promotional items, with HQAC responding by asking what Sandy Sqn cadets thoughts were on colours, emblems etc. After much deliberating Margaret and the Cadets decided on "air cadets - challenge yourself" and after discounting yellow, blue and red chose the blue and white colour scheme shown.

An initial batch of 100 are to be issued in the near future to each Wing, but with the strict proviso that they are not to be worn in Uniform.
