## PRESS RELEASE

### Tally Ho – chocks away!

Ten Cadets got airborne on 6th May at RAF Wyton for Air Experience Flying. Five of them had never flown before, consequently were very nervous as they waited to get kitted up before being taken out to the aircraft. The only words of warning from their Commanding Officer was "Don't drink fizzy drinks before the flight otherwise you will regret it, otherwise enjoy yourself and take control and make the most of your flight".

The strain showed on some of their faces as they really didn't know what to expect until airborne, but on landing following a 30 minute flight they were all smiles, and said it was brilliant. Some of them even did barrel rolls and aerobatics during their first experience flight, and their names are down again to be selected for the next flight.

Thank you 5 AEF - another brilliant day.
