

Peterborough Air Cadets entertain VIP Guest

Local Air Cadets from 115 (Peterborough) Squadron were recently visited by Air Commodore Gordon Moulds, Commandant Air Cadets. During his visit he met cadets and staff, and toured the Peterborough Squadron.

Cadets showed the Commandant what they get up to on a normal parade night, including field craft, catering, technical training, electronics and sports. The Peterborough Air Cadets, based in Westwood, Peterborough, had spent many previous weekends cleaning their squadron and its surroundings for the VIP visit.

Squadron Commander Flight Lieutenant Mike Davison spoke about the cadet's visit. 'It was an honour to show the Commandant around our squadron, the cadets have worked hard, and it has shown. Well done.' This visit adds to a good month for the local Air Cadet squadron, with several cadets receiving BTECs in Aviation Studies (equivalent to two GCSEs), and the squadron also gaining 14 new cadets.

115 (Peterborough) Squadron is currently recruiting for young people aged 13-17 years old. They take part in many activities including flying, gliding, target shooting, sports, camps, social events and fundraising. To find out more, check out www.115atc.org.uk or call (01733)330830 on Monday and Wednesday nights between 7pm and 9pm.
