PRESS RELEASE

MARCH CADETS IN HIGH WIRE ACTION

Ten cadets from 1220 (March) Squadron took part in some high wire manoeuvres recently as they tried out the Go Ape high wire course at Thetford Forest.

After a full safety briefing the cadets, under staff supervision, spent almost three hours negotiating the five courses involving rope ladder climbs, tight rope walks, rope bridges, swings and zip lines, some as high as forty feet.

All cadets successfully completed the course and rounded off the day with some orienteering practice around the forest.

1220 are now recruiting for a new intake on Tuesday 9th September. If you are aged 13 to 17 why not consider joining the area's premier youth organisation. There will be an open evening at the Gas Road Headquarters on Wednesday 3rd September so come along at 7:30pm and see what we can offer.
